6. What are the most important issues to be resolved at this step in the case? (*List the issues below*)

- a) This matter was last before this Honourable Court on June 16, 2026.
- b) This matter is returning to Court on August 21, 2026, for the third appearance of the Society's Amended Status Review Application. The Society is seeking Extended Society Care for the subject child, Charles Ironmonger. Charles will have been in Society care for 430 days.
- c) There are no outstanding jurisdictional or service issues. The parents were served on June 1 (mother) and June 11 (father).
- d) On June 16, 2026, this Court endorsed an extension for the parents to file their Answers and Plans of Care by August 7, 2026. Neither parent has done so.
- e) The upcoming appearance on August 21 was scheduled for a joint Settlement Conference and Trial Management Conference. The Society sought an Order by Form 14B converting this appearance to be a case conference, as both parents are currently in default on the proceedings.
- f) The following updates have occurred since the previous Court date:

Kinship Assessment – Paternal Grandfather

- g) The Society has sought the assistance of the BC Child Welfare Agency to assist in assessing the paternal grandfather for a possible kinship placement. The BC Society has advised the Toronto Society that this assessment is ongoing. The BC Agency has identified previous child welfare history in multiple agencies in the country, and has advised they are in the process of obtaining these records for review.
- h) On June 18, 2026, the Society arranged a virtual visit between the paternal grandfather and Charles. Present for the virtual visit was the paternal grandfather, the Society, and Charles' foster mother. Charles was happy and engaged throughout the visit. He showed his grandfather his room and how he makes his bed. They spoke for approximately 15 minutes, and then Charles went outside to play. The visit was positive and Charles was smiling and chatty.
- i) Following the zoom with Charles, the Society spoke with the grandfather. He advised he and the grandmother had recently moved to a two-bedroom apartment. They also discussed the grandparents coming to Toronto for a few weeks to meet and spend time with Charles. It was discussed that the grandparents would arrange virtual contact with Charles by communicating directly with the foster mother. To the Society's knowledge, there have been only a couple interactions to date.
- j) The Society has followed up with the grandfather about him visiting Toronto for a few weeks for access. He has not committed to attending yet. Previously he stated he would attend when it was time to bring Charles back to BC, but the Society advised him that he would need to attend before such time to have access visits and meet with the Society, and that Charles would not be sent to BC on their first trip to Toronto. The grandfather indicated he may be attending Toronto in October. The Society will continue to follow up on this, as a commitment to this visit is an important step in the kinship assessment.

The Respondent Parents

- k) On June 16, 2026, the Society received a call from St. Michael's Hospital, advising that Ms. Ironmonger attended the hospital that day alleging that Charles has been sexually abused, and that she wanted a sexual abuse investigation completed. The Hospital advised they could not do this and encouraged Ms. Ironmonger to contact the police via the non-emergency police number. Ms. Ironmonger also shared with staff her beliefs that she is being stalked online. The Hospital

contacted the Society to alert them of Ms. Ironmonger's allegations, and to share their concern for her mental health.

- l) Access has occurred twice a week, on Mondays from 10:00 a.m. to 1:00 p.m. at the Society office with Ms. Ironmonger, and on Wednesdays at YSM from 10:30 a.m. to 11:30 a.m. with Mr. Allegro, and from 11:30 a.m. to 1:30 p.m. with Ms. Ironmonger. There have not been concerns noted in the access visits. During access with Ms. Ironmonger, Charles and his mother usually eat snacks and watch TV together. Charles also frequently says "no" to his mother to any question or suggestion. During access with Mr. Allegro, Charles appears more engaged, and the two of them are observed playing and interacting.
- m) Charles tells his daycare and his foster parents that he does not want to go to access visits – this has been consistent the last few weeks. He states that he wants to stay at daycare with his friends, he is social and happy. His foster parents have advised the Society that they observe a regression following access, where Charles does not want to talk and wants to be alone in his room.
- n) In September, Charles will be starting school. The Society will seek to decrease access to one day a week, where he spends an hour with each parent. This will ensure Charles is not missing too much school, as he is already behind.
